Dear P.S. 234 Families,

As you know, in person (blended learning) has resumed across all NYC School Districts. The blended model means that students will have some school days in person and some school days remotely. In order to support families, the Department of Education has created the Learning Bridges Program. This program will provide free child care options for children from 3-K through 8th grade on the days when they are scheduled for remote learning (learning from home)

Please be aware that students **MUST** be enrolled in blended learning/hybrid schedules (100% remote students are not eligible) to be able to attend a Learning Bridges program.

If you are interested in the Learning Bridges program, please complete the survey by clicking the link. Click Here to access Learning Bridges Survey
